INDUSTRIAL TECH CLASSES](#)**

**Secondary, Post-Secondary & Adult Leadership Division
California Department of Education
November 1, 2008**

Foreword

The primary purpose of this report is to determine how many career technical education (CTE) courses meet University of California (UC) “a-g” admission requirements. The author utilized the UC Web site and reviewed 1,151 comprehensive high schools’ “a-g” admission lists. The findings in this report should provide significant guidance to key audiences including policy makers, district administrators, school site personnel, UC staff, California Department of Education (CDE) staff, and students of “raising expectations and increasing rigor and relevance” through the integration of core academics with career technical education courses.

One of the major obstacles encountered by the researcher was trying to determine whether or not a specific course was actually taught by a CTE teacher. In the areas of Agriculture Education and Home Economics Careers & Technology, courses are tracked by those disciplines within the CDE and, therefore, are by-in-large taught by CTE teachers. However, in the areas of Art, Media & Entertainment, Business Education, Health Careers, Industrial & Technology Education, and Other Industry Sectors no such tracking occurs via course titles. The researcher relied on CTE subject matter consultants within the CDE to determine if a CTE teacher could teach a given CTE course found in this study.

Special thanks to the CDE consultants who provided technical support and assistance to this report:

Agriculture Education	Jack Havens	(909) 869-4496
Art, Media & Entertainment	Jack Mitchell	(916) 319-0504
Business Education	Kay Ferrier	(916) 323-4747
Health Careers	Cindy Beck	(916) 319-0470
Home Economics Careers & Technology	Janice DeBenedetti	(916) 323-5025
Industrial & Technology Education	Clay Mitchell	(916) 445-5568
ROC/P’s	Dr. Dennis Guido	(916) 327-6367
Intersegmental Relations Office	Penni Hansen	(916) 323-6134
Intersegmental Relations Office	Joe Radding	(916) 323-5635

Lastly, special acknowledgement to Dr. Pat Ainsworth, CDE Assistant Superintendent and Director of the Secondary, Postsecondary & Adult Leadership Division; Sue Wilbur, UC Director

of Undergraduate Admissions; Don Daves-Rougeaux, UC High School Articulation Coordinator; Nina Costales, UC Articulation Analyst; and Jeanne Hargrove, UC “a-g” Guide Coordinator; for their efforts in encouraging and promoting the practice of “raising academic expectations” through rigorous CTE courses.

Any inquiries about this report should be directed to Dr. Lloyd McCabe, Policy Consultant, Secondary, Postsecondary, and Adult Leadership Division at (916) 445-1710 or lmccabe@cde.ca.gov.

Evolution of Career Technical Education Courses Meeting University of California Admission Requirements

The genesis of CTE courses meeting UC admission requirements started with the passage of Senate Bill 813 (The Educational Reform Act of 1983). This educational legislation ignited a flurry of reform within the high school educational community by mandating specific graduation requirements in English, history, science, mathematics, fine arts/or foreign language, and physical education. Unfortunately, CTE courses were not part of the high school graduation requirement reform movement. However, the Legislature provided a provision within the *California Education Code (EC)* that stipulated that LEAs were to provide alternative methods for students to meet mandated graduation requirements. *EC* Section 51225.3(b) states:

“The governing board, with the active involvement of parents, administrators, teachers, and pupils, shall adopt alternative means for students to complete the prescribed course of study which may include practical demonstration of skills and competencies, supervised work experience or other outside school experience, interdisciplinary study, independent study, and credit earned at a postsecondary institution. Requirements for graduation and specified alternative modes for completing the prescribed course of study shall be made available to pupils, parents, and the public.”

The passage of this *EC* Section allowed CTE educators to design integrated courses that could meet graduation requirements in many of these mandated academic areas. During the same timeframe, State Superintendent of Public Instruction Bill Honig called on all educators to “raise academic expectations” within their curriculum. This clarion call to action by Superintendent Honig solidified the notion within the vocational educational community that CTE teachers should infuse and reinforce academics within their respective courses. In 1990, with the reauthorization of the Carl D. Perkins Career and Technical Education Act, academic integration of CTE courses would become a cornerstone of this federal initiative.

While the record is not entirely clear, the first known CTE courses to meet UC admission requirements came from two agriculture programs located in the San Joaquin Valley. Exeter High School submitted a Plant & Animal Physiology course that was approved to meet the “d” or laboratory science requirement in 1983. Chowchilla Union High School submitted three courses in Agriculture & Physical Science, Plant Botany, and Animal

Physiology, which were approved to meet the "F" or elective admission requirement in 1985.

In 2003, State Superintendent of Public Instruction Jack O'Connell became the first state official to openly urge CTE educators to develop rigorous, standards-based CTE courses that could meet UC admission requirements. Superintendent O'Connell's encouragement has led to the dramatic increases of CTE courses meeting UC "a-g" admission requirements that we have witnessed at this time.

University of California's Role in Fostering Innovative Career Technical Education Courses that Meet University of California Admission Requirements

In 1999, the Governor's School-to-Career Advisory Council commissioned the a-g Interactive Guide Project to underscore the importance of simultaneously preparing high school students both for careers and postsecondary education. With approval from the Interagency Partners the initial phase of the project was funded through a contract awarded to the University of California Office of the President (UCOP) by the School-to-Career fiscal agent, the Employment Development Department (EDD). A few years later, with the sunset of School-to-Career funds, the project became funded by the California Department of Education (CDE) using Carl Perkins funds. These funds continue to be the primary funding source for the project, up until 2008. Presently, the Project is funded with SB 70 Career Technical Education funds until 2013.

The a-g Guide Project was originally designed to make the "a-g" course approval process more transparent and efficient by clarifying criteria and offering a variety of tools, resources, support and assistance to California high school educators who seek "a-g" approval for their courses. After many years of operation, the project has proved its value and has received strong endorsement from secondary schools, UC admissions staff, the UC Board of on Admissions and Relations with Schools (BOARS) and CDE. The project continues to operate, keeping the a-g Guide Web sit current with changing information, adding resources in new areas of development and/or school reform, providing targeted workshops to those seeking assistance, and more.

More recently, the state has embarked on an ambitious agenda to support and expand the development of Career and Technical Education (CTE) opportunities within schools. Initiatives such as workforce innovation partnerships, the expansion of California Partnership Academies, ROC/Ps and Tech Prep programs, the development of State Board of Education-approved CTE standards (2005) and curriculum frameworks (2007), and CTE-related legislation (i.e. SB 1543, SB 70 and others) have combined to place greater attention on issues related to the development and expansion of "a-g" courses that include an academically rigorous CTE component.

Since the 2001-02 year, the number of CTE courses accepted for "a-g" approval has increased dramatically. In 2001, UC had approved just 258 CTE courses. Today, over 6500 CTE are approved for "a-g" credit or about 25.3 percent of the 25,752 CTE courses offered in California schools. Moreover, it is expected that the number of approved CTE

courses will continue to climb. Pursuant to SB 1543 (2006), the University has developed model uniform academic standards for career technical education courses to provide more guidance to teachers who want their CTE courses approved by UC.

The long range goal of the Project is to continue to operate and keep the a-g Guide Web site current with changing information by adding resources to strengthen and communicate the course review process. In addition, the University is utilizing a multi-pronged approach to more fully integrate academically rigorous career technical education into the classroom. This three-part strategy includes (1) expanding the availability of academically rigorous CTE curriculum by developing industry-specific model courses for statewide use that meet “a-g” subject requirements; (2) providing workshops, web-based tools and other forms of assistance, such as the Curriculum Integration Pilot Program and the Cadre of Experts, to those seeking help related to the development and submission of courses for “a-g” approval, and, (3) ensuring rapid and consistent approvals of academically rich CTE courses so that more CTE classes meet the approval of the University for its “a-g” requirements in all academic subject areas.

The Trend of Career Technical Education Courses Meeting University of California Admission Requirements

The California Department of Education has been tracking the number of CTE courses that meet UC admission requirements over the last nine years. Based on this tracking, there has been a dramatic increase of the number of CTE courses meeting UC “a-g” admission requirements. The data below supports this assertion:

<i>School Year</i>	<i>A2</i>	=	<i>AG</i>	<i>BUS</i>	<i>HC</i>	<i>HE</i>	<i>IT</i>	<i>OT</i>	<i>AE</i>
2008-09	6509	=	908	707	783	180	452	341	3138
2007-08	5614	=	842	532	709	182	397	198	2754
2006-07	4705	=	781	491	629	148	365	10	2281
2005-06	4021	=	667	408	575	120	314	03	1934
2004-05	3336	=	544	358	522	99	1813*	NR	NR
2003-04	1984	=	449	257	277	57	944*	NR	NR
2002-03	340**	=	340	NR	NR	NR	NR	NR	NR
2001-02	289**	=	289	NR	NR	NR	NR	NR	NR
2000-01	258**	=	258	NR	NR	NR	NR	NR	NR

In relationship to all UC approved courses and all academic and CTE courses available in the comprehensive high school, the following trends emerge:

<i>School Year</i>	<i>A2</i>	<i>B2</i>	<i>C2</i>	<i>D2</i>	<i>E2</i>	<i>F2</i>
2008-09	6509	25,752***	25.3%	596,128	252,348	42.3%
2007-08	5614	25,752***	21.8%	690,649	249,708	36.1%
2006-07	4705	24,580***	19.1%	722,440	219,708	30.4%
2005-06	4021	24,370***	16.5%	697,121	215,569	30.9%
2004-05	3336	25,410***	13.1%	685,707	216,793	31.6%
2003-04	984	26,291***	07.5%	670,466	215,272	32.1%
2002-03	340**	32,456***	01.0%	693,394	205,338	29.6%
2001-02	289**	29,768	00.9%	662,732	187,424	28.2%

2000-01	258**	29,461	00.8%	641,887	187,517	29.2%
---------	-------	--------	-------	---------	---------	-------

An analysis of the above data reveals a dramatic percentage increase over the number of CTE courses that have been approved to meet UC “a-g” admission requirements.

A2 = Total number of CTE courses that meet UC “a-g” admission requirements during that year

B2 = Total number of CTE courses taught during that year in high schools

C2 = Percent of all CTE courses that are UC approved

D2 = Total number of academic, specialized, and CTE courses taught during that year

E2 = Total number of UC approved courses in all subject areas in high schools

F2 = Percent of all high school courses that are UC approved

NA= Not Available

NR= Not Recorded

* IT & AE courses were combined

** Only agriculture courses were tracked during those years

*** Does not include all CTE courses in the industry sector of Arts, Media & Entertainment

**Summary of California High School Career Technical
Education Courses Meeting University of California
A-G Admission Requirements from 2008-09**

2008 Analysis in Agriculture Education

Statewide Analysis

The number of UC approved secondary Agriculture Education courses statewide increased from 842 to 908 courses or an increase of 7.3% compared to last year. Reportedly, 87.4% of all agriculture programs statewide have one or more UC approved agriculture courses. Of the 1151 comprehensive high schools in California, 320 or 27.8% have one or more UC approved agriculture courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, agriculture courses have been approved for all areas except “C-Mathematics” and “E-Language Other Than English.” There was a substantial increase from the previous year in courses approved in the G-Elective (8.2%) admission area. In terms of courses approved by admission category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	25	02.8%
B-English	04	00.4%
C-Mathematics	00	00.0%
D-Laboratory Science	312	34.4%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	09	01.0%
G-College Preparatory Elective	<u>558</u>	<u>61.4%</u>
Totals	908	100%

In terms of specific courses approved, listed below are the top 15 Agriculture Education courses approved by the UC system for admission purposes:

1.	Integrated and/or Agricultural Biology	249
2.	Veterinary Science	80
3.	Agriculture Science I	52
4.	Agriculture Science II	47

5.	Animal Science	45
6.	Environmental Horticulture Science	43
7.	Agricultural Economics	36
8.	Plant & Soil Science	31
9.	Agriculture Business & Economics	27
10.	Agriculture & Earth Science	20
11.	Integrated Animal Science	20
12.	Animal Physiology & Anatomy	19
13.	Agricultural Chemistry	15
14.	Agriculture & Natural Resources	13
15.	Agriculture Government & Policy	12

Listing of Different Types of Agriculture Education Courses that Meet University of California A-G Admission Requirements

As of September 1, 2008, the below listed 87 course titles can be verified by accessing the University of California's Web site: <https://doorways.ucop.edu/list/>.

Course Title	Name of High School	Admission Classification	Number of Ag Courses
Advanced Animal Science	Elk Grove	G	01
Advanced Animal & Plant Science	Washington Union	G	01

2008 Analysis in Business Education

Statewide Analysis

The number of UC approved secondary Business Education courses statewide increased from 532 to 707 courses or an increase of 24.8% compared to last year. Of the 1151 comprehensive high schools in California, 411 or 35.7% have one or more UC approved Business Education courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, Business Education courses have been approved in the A, B, C, F & G Admission requirement areas. There were substantial increases from the previous year in courses approved in the G – College Preparatory Elective (22.8%) admission area. In terms of courses approved by admission category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	10	01.4%
B-English	11	01.6%
C-Mathematics	05	00.7%
D-Laboratory Science	00	00.0%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	39	05.5%
G-College Preparatory Elective	<u>642</u>	<u>90.8%</u>
Totals	707	100%

In terms of specific courses approved, listed below are the top 15 Business Education courses approved by the UC system for admission purposes:

1.	Computer Science 1-2	235
2.	International Relations	49
3.	Virtual Enterprise	37
4.	Advertising Design	27
5.	Economics of Business Ownership	21
6.	Computer Programming	19

2008 Analysis in Health Careers

Statewide Analysis

The number of UC approved secondary Health Careers courses statewide increased from 709 to 783 courses or an increase of 9.5% compared to last year. Of the 1151 comprehensive high schools in California, 544 or 47.3% have one or more UC approved Health Careers courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, Health Careers courses have been approved in the A, B, D & G Admission requirement areas. There were significant increases from the previous year in courses approved in the: D-Laboratory Science (7.6%) and G-Elective (13.7%) admission areas. In terms of courses approved by admission category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	02	00.3%
B-English	06	00.8%
C-Mathematics	00	00.0%
D-Laboratory Science	541	69.0%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	00	00.0%

12.	Human Anatomy	09
13.	Medical Science	08
14.	Medical Technology	08
15.	Analytical Forensic Science	07
	Forensic Research	07

Listing of Different Types of Health Careers Courses that Meet University of California A-G Admission Requirements

As of September 1, 2008, the below listed 72 course titles can be verified by accessing the University of California's Web site: <https://doorways.ucop.edu/list/>.

Course Title	Name of High School	Admission Classification	Number of HC Courses
Advanced Biology-Human Anatomy	Cathedral City	D	03
Advanced Biomedical Science	Murrieta Valley	D	02
Advanced Premedical Studies 1-2	Irvine	D	02
Advanced Topics in Biomedicine	Clovis East	G	05
Advanced Topics in Med. Research	Bullard-Fresno	G	14
Advanced Topics in Medicine	Fresno	G	10
Allied Health Chemistry	Casa Roble-Orangevale	D	01
Analytical Forensic Science	Liberty-Brentwood	G	07
Anatomy & Physiology	Hayward	D or G	284
Anatomy & Physiology/Sports Medicine	Marysville	G	01
Biology with Medical Emphasis	Mission Hills-San Marcos	D	01
Biomedical Research	Long Beach Polytechnic	D	01
Biomedical Sciences	Redwood-Larkspur	D	01
Biomedical Technology	Westview-San Diego	D	02
Biotechnology 1-4	Berkeley	D or G	88
Biotech Lab	San Marcos	G	01
Biotechnology Lab Science	Carlsbad	G	01
Biotechnology/Health Services	Piner-Santa Rosa	G	01
Biotechnology Science	California-San Ramon	D	01
Chemistry Biomedicine	Santa Ana	D	01
Chemistry Biotechnology	Livermore	D	02
Chemistry of Biotechnology	Templeton	D	03
Chemistry in the Community	Westmoor-Daly City	D	44
Comparative Anatomy	Mount Shasta	G	01
Developmental Physiology of Sports	Palos Verdes Peninsula	G	02
Forensics	Mar Vista-Imperial Beach	G	03
Forensic Biology	Littlerock	D or G	10
Forensic Research	Fresno	G	07

Forensic Research & Biotechnology	Clovis	G	06
Forensic Science	Mayfair-Lakewood	D or G	19
Fundamentals of Anatomy & Physiology	Ridgecrest-Burroughs	G	01
Health Careers Academy-Composition & Literature	Golden West	B	01
Health Careers Academy-English 2	Golden West	B	01
Health & Human Biology	Aptos	G	01
HMO Anatomy & Physiology	Dana Hills-Dana Point	D	01
HMO Biology	Dana Hills-Dana Point	D	01
HMO Chemistry	Dana Hills-Dana Point	D	01
Human Anatomy & Physiology Biomedicine	Santa Ana	D	01
Human Anatomy	Sierra-Tollhouse	D	09
Human Anatomy & Physiology	Whittier	D or G	93
Human Physiology	Hemet	D	15
Human Biology	Covina	D or G	19
Human Development	Lincoln-San Francisco	G	01
Intro to Biomedical Explorations	Indio	G	01
Intro to Biotechnology	Aragon-San Mateo	G	02
Intro to Biotechnology/Health Ser.	Piner-Santa Rosa	G	01
Intro to Forensics & Biotechnology	Great Oak-Temecula	G	03
Intro to Kinesiology & Rehabilitation	Chaparral-Temecula	G	04
Kinesiology	Palmdale	G	01
Kinesiology & Rehabilitation	Temecula Valley	G	03
Kinesiology/Sports Medicine	Crescenta Valley-La Cres.	D	01
Medical & Therapeutic Principles	Arcadia	G	01
Medical Arts & Science	El Dorado-Placerville	D	01
Medical Biology	Palmdale	D	02
Medical Chemistry	Palmdale	D	01
Medical Physiology	Littlerock	G	01
Medical Science	Lancaster	G	08
Medical Science/Health Careers	Santa Maria	G	01
Medical Technology	Yuba City	D or G	08
Medical – World History	Palmdale	A	01

Sports Medicine 1-4	Reedley	G	56
Sports Therapy	Culver City	G	01
Theory & Application of Molecular	Templeton	G	01

2008 Analysis in Home Economics Careers & Technology

Statewide Analysis

The number of UC approved secondary Home Economics Careers & Technology courses statewide increased from 182 to 180 courses or a decrease of 1.1% compared to last year. Of the 1151 comprehensive high schools in California, 140 or 12.2% have one or more UC approved Home Economics Careers & Technology courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, Home Economics Careers & Technology courses have been approved in the D, F & G Admission requirement areas. There was little change from the previous year in courses approved in the D, F & G admission area. In terms of courses approved by category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	00	00.0%
B-English	00	00.0%
C-Mathematics	00	00.0%
D-Laboratory Science	02	01.1%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	35	19.5%
G-College Preparatory Elective	<u>143</u>	<u>79.4%</u>
Totals	180	100%

In terms of specific courses approved, listed below are the top 15 Home Economics Careers & Technology courses approved by the UC system for admission purposes:

1.	Developmental Psychology of Children	45
2.	Child Development	33
3.	Fashion Design & History	08
4.	Developmental Psychology of Children & Adolescents	06
5.	Food & Nutritional Science	06
6.	Introduction to Teaching	04
7.	Introduction to Teaching & Learning	05
8.	Environmental Design	05
9.	Child Development & Psychology	04

10.	Economics Education for Consumers	04
11.	Social Psychology	04
12.	Child Growth & Development	03
13.	Developmental Psychology of Children 1-2	03
14.	Advanced Child Development	02
15.	Designing for the Human Environment	02
	Fashion Design & History 2	02
	Food & Nutrition	02
	Foods 2 – Culinary Arts	02

Listing of Different Types of Home Economics Careers & Technology Courses that Meet University of California A-G Admission Requirements

As of September 1, 2008, the below listed 53 course titles can be verified by accessing the University of California's Web site: <https://doorways.ucop.edu/list/>.

Course Title	Name of High School	Admission Classification	Number of HE Courses
Advanced Interior Design	Rowland	F	01
Art & History of Fashion	Clovis West	F	01

Total Home Economics Courses Meeting UC Admission Requirements			180

2008 Analysis in Industrial & Technology Education

Statewide Analysis

The number of UC approved secondary Industrial & Technology Education courses statewide increased from 397 to 452 courses or an increase of 12.2% compared to last year. Of the 1151 comprehensive high schools in California, 251 or 21.8% have one or more UC approved Industrial & Technology Education courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, Industrial & Technology Education courses have been approved in the D, F & G admission requirement areas. There were substantial increases from the previous year in courses approved in the G-Elective (14.5%) admission area. In terms of courses approved by category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	00	00.0%
B-English	00	00.0%
C-Mathematics	00	00.0%
D-Laboratory Science	19	04.2%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	195	43.1%
G-College Preparatory Elective	<u>238</u>	<u>52.7%</u>
Totals	452	100%

In terms of specific courses approved, listed below are the top 15 Industrial & Technology Education courses approved by the UC system for admission purposes:

1.	Architectural Design 1-2	99
2.	Principles of Engineering 1-4	37
3.	Engineering 1-4	35
4.	Introduction to Engineering Design	32
5.	Digital Electronics	14
6.	Bioengineering	13
7.	Digital Imaging Production	13
8.	Engineering Technology	12

9.	Drafting & Design	11
10.	Information Technology in a Global Society	09
11.	Introduction to Engineering	09
12.	Principles of Technology	09
13.	Robotics-Engineering Technology	09
14.	Architectural Design 3-4	08
15.	Robotics and Electronics	07

**Listing of Different Types of Industrial & Technology Education Courses that Meet

Total IT Courses Meeting UC Admission Requirements 452

2008 Analysis in Art, Media & Entertainment

Statewide Analysis

The number of UC approved secondary Art, Media & Entertainment courses statewide increased from 2754 to 3138 courses or an increase of 12.2% compared to last year. Of the 1151 comprehensive high schools in California, 799 or 69.5% have one or more UC approved Art, Media & Entertainment courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, Art, Media & Entertainment courses have been approved in the B, C, F & G admission requirement areas. Most Art & Entertainment courses (96.0%) are found in the F-Visual Performing Arts admission area. In terms of courses approved by category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	00	00.0%
B-English	01	00.1%
C-Mathematics	01	00.1%
D-Laboratory Science	00	00.0%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	3014	96.0%
G-College Preparatory Elective	<u>121</u>	<u>03.8%</u>
Totals	3138	100%

In terms of specific courses approved, listed below are the top 15 Art, Media & Entertainment courses approved by the UC system for admission purposes:

1.	Photography 1	280
2.	Photography 2	189
3.	Beginning Photography	141
4.	3-Dimensional Design 1-8	133
5.	Play Production	91
6.	Advanced Photography	90
7.	Technical Theatre 1-4	82
8.	Video Production 1	82
9.	Photography 1-2	80
10.	Digital Imaging 1-2	72

11.	Filmmaking 1-4	64
12.	Graphic Design 1-4	64
13.	Computer Graphics 1-2	57
14.	Digital Art 1-6	56
15.	Digital Photography	54

**Listing of Different Types of Art, Media & Entertainment Courses that Meet
University of California A-G Admission Requirements**

As of September 1, 2008, the below listed 330 course titles can be verified by accessing the University of California's Web site: <https://doorways.ucop.edu/list/>.

Course Title	Name of High School	Admission Classification	Number of AE Courses
Acting 1-4	Newark Memorial	F	40
Acting (Advanced)	Hamilton	F	23
Acting (Beginning)	Casa Grande-Petaluma	F	05
Acting (Fundamentals of)	Palm Springs	F	01
Acting (Intermediate)	Antioch	F	17
Acting & Directing	Antioch	F	05
Acting & Directing Workshop	Heritage	F	01
Acting Basics	Central East-Fresno	F	02
Acting (Focus on)	Oak Park	F	01
Acting for Film Theatre	Valhalla	F	02
Acting for the Camera	Bellflower	F	03
Acting for TV & Film	Crenshaw	F	06
Acting Lab (Advanced)	Lincoln-San Jose	F	01
Acting Styles	Central East-Fresno	F	03
Acting Techniques 1-4	Orange County HS	F	04
Advanced Dramatic Production & Theatre	Marina	F	05
Advanced Photography, Video & Film	Exeter	F	01
Advanced Studies in Media Communication or Design	Fresno	F	07
Advanced Video Production/ Filmmaking	Santa Ynez Valley	F	02
Animation 1	Lancaster	F or G	53
Animation 2	Sheldon-Sacramento	F	11

Total Art, Media & Entertainment Courses that Meet UC Admission Requirements 3138

2008 Analysis in Other Career Technical Industry Sectors

Statewide Analysis

The number of UC approved secondary Other Career Technical Industry Sector courses statewide increased from 198 to 341 courses or a 41.9% increase compared to last year. Of the 1151 comprehensive high schools in California, 270 or 23.5% have one or more UC approved Other Career Technical Industry Sector courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, Other Career Technical Industry Sector courses have been approved in the A, B, D & G admission requirement areas. There were substantial increases from the previous year in courses approved in the D-Laboratory (15.7%) and G-Elective (64.0%) admission areas. In terms of courses approved by category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	05	01.5%
B-English	03	00.9%
C-Mathematics	00	00.0%
D-Laboratory Science	159	46.6%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	00	00.0%
G-College Preparatory Elective	<u>174</u>	<u>51.0%</u>
Totals	341	100%

In terms of specific courses approved, listed below are the top 15 Other Career Technical Industry Sector courses approved by the UC system for admission purposes:

1.	Marine Biology	122
2.	Marine Science	75
3.	Law & Order and Public Policy	15
4.	Law & Society	10
5.	Law 1	09
6.	Introduction to Law	08
7.	Journalism: Production & Management	06
8.	Criminal and Civil Law	06
9.	Criminal Justice/Pre-Law 4	06
10.	Environmental Field Studies	06

11.	Environmental Science & Technology	04
12.	Marine Science	04
13.	Environmental Science	03
14.	Marine Science 2	03
15.	Criminal Justice	03
	Law & Justice	
	The Law Today	
	You and the Law	

Listing of Different Types of Other Career Technical Education Sector Courses that Meet University of California A-G Admission Requirements

As of September 1, 2008, the below listed 53 course titles can be verified by accessing the University of California's Web site: <https://doorways.ucop.edu/list/>.

Course Title	Name of High School	Admission Classification	Number of OT Courses

2008 Analysis of ROC/P Courses

Statewide Analysis

The number of UC approved secondary ROC/P courses statewide increased from 381 to 524 courses or an increase of 27.3% compared to last year. Of the 1151 comprehensive high schools in California, 218 or 18.9% have one or more UC approved ROC/P courses.

UC A-G Requirements

In analyzing the “a-g” admission requirements, ROC/P courses have been approved in the A, C, D, F & G admission requirement areas. In terms of courses approved by category, listed below are the figures:

Admission Category	Courses	% of Total
A-History/Social Science	01	00.2%
B-English	00	00.0%
C-Mathematics	03	00.6%
D-Laboratory Science	27	05.1%
E-Language Other Than English	00	00.0%
F-Visual Performing Arts	269	51.3%
G-College Preparatory Elective	<u>224</u>	<u>42.8%</u>
Totals	524	100%

In terms of specific courses approved, listed below are the top 15 ROC/P courses approved by the UC system for admission purposes:

1.	Sports Medicine (HC)	30
2.	Photography (AE)	28
3.	Computer Graphics (AE)	25
4.	Virtual Enterprise (BUS)	22
5.	Art & Animation (AE)	21
6.	Veterinary Science (AG)	19
7.	Architectural Design (IT)	18
8.	Marine Science (OT)	16
9.	Visual Imagery (AE)	16
10.	Multimedia Communication Design (AE)	14
11.	Topics of Global Economics & Finance	13
12.	Digital Art (AE)	11
13.	Child Development (HE)	10
14.	Graphic Design (AE)	10

15.	Biotechnology (HC)	09
	Computer Science (BUS)	09

**Listing of Different Types of ROC/P Courses that Meet University of California
A-G Admission Requirements**

As of September 1, 2008, the below listed 136 course titles can be verified by accessing the University of California's Web site: <https://doorways.ucop.edu/list/>.
